PE-RU-NA IS THE WOMAN'S BEST FRIEND,

So Say Thousands of Thankful Women all Over the United States.

Miss Katherine Dauter.

Miss Ruth Emerson.

Thousands of Women Owe Their Health and Usefulness to Peruna.

Our Testimonials are Genuine and in the Exact Words of the Writer.

Miss Katherine Dauter, No. 229 Thirtieth Street, Milwaukee, Wis., writes:

"I am glad to recommend Peruna as it has done so much for me. I had been a great sufferer from catarrhal colds until I was urged to try Peruna, and I am happy to say it has entirely cured me. I shall never be without it and most cheerfully recommend it to others who are afflicted as I have been."

Mrs. Jennie Rose, No. 362 West Twenty-second Street, New York City, writes: The Peruna Medicine Co., Columbus, O.: Gentlemen—"Peruna is a blessing to suffering women. I suffered with female trouble since I began menstruation, and every month I suffered two and three days of untold agony, and had to arrange

A Beautiful Society Lady of Buffalo, N. Y., Uses Pe-ru-na.

Miss Ruth Emerson, No. 72 Sycamore Street, Buffalo, N. Y., writes:

"I suffered for two years with irregular and painful menstruation, and Peruna cured me within six weeks. I cannot tell you how grateful I feel. Any agency which brings health and strength to the afflicted is always a welcome friend, and to-day the market is so filled with useless and injurious medicines that it is a pleasure to know of so reliable a remedy as you place before the public."—Miss Ruth Emerson.

my work and duties so as to be in bed every month for two days at least.

"My brother was cured of Bright's disease from the use of Peruna, and so I determined to try it for my trouble. I imagine my great joy when I found that it relieved me quite a bit the first month and I was entirely without pain during that period after having used Peruna only four months.

"This is about two years ago and all during that time I have suffered no pain. I can now come and go as I like and consider Peruna woman's best friend and wish that every suffering woman might know that she can find relief through the use of this medicine."—Mrs. Jennie Rose.

It is no longer a question as to whether Peruna can be relied on to cure all

such cases. During the many years in which Peruna has been put to test in all forms and stages of acute and chronic catarrh no one year has put this remedy to greater test than the past year.

Peruna is the acknowledged catarrh remedy of the age. Dr. Hartman, the compounder of Peruna, has written a book on the phases of catarrh peculiar to women, entitled "Health and Beauty." It will be sent free to any address by The Peruna Medicine Co., Columbus, Ohio.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

MILITARY TO ENCAMP

Three Regiments Will Go In Regular Turn.

THE GOVERNOR TO REVIEW

The Bank of Faison Chartered With Ten Thousand Capital—Other Charters—North Carolina Supreme Court.

(Special to The Times-Dispatch.)

RALEIGH, N. C., July 11.—Adjutant-General B. S. Royser announces that the North Carolina National Guard will encamp this summer by regiments—First Regiment and Battery A, at Asheville, August 19-25; Second Regiment, at Morehead City, July 22-28; Third Regiment, at Greensboro, August 6-12.

General orders issued, prescribing that each company must have seventy-five per cent. of membership in camp. Maj. F. H. French, Sixteenth Infantry, has been detailed as inspector-general, and will be in the camps. Governor Aycock will also review the regiments while in camp.

BANK CHARTERED.

The Bank of Faison was chartered to-day with \$10,000 capital. B. B. Williamson, John M. Faison being among the principal incorporators.

A charter is granted to the Clyde Cotton Mill, of Newton, capital \$100,000. J. C. Smith, G. A. Warlick and R. B. Knox. The Faison Lumber and Manufacturing Company was chartered with \$5,000 capital to operate cotton gins and oil mills. C. S. Hines, M. McD. Williams principal incorporators.

The Haywood Co-operative Company, of Waynesville, is chartered with \$15,000 capital. A. A. Hogg and T. C. Skinner are among the incorporators, of whom there are forty.

THE FIFTH MONDAY.

Official announcements were made to-day that the North Carolina Supreme Court will convene August 31st, instead of August 24th, because notwithstanding the statute prescribes the "fourth Monday in August," the term "last Monday in August" appears in all court documents and court decisions to defer meeting to latter date.

LIBEL CASE TO BE CALLED TO-MORROW

The Police Court is likely to be packed to-morrow afternoon at 2:30 o'clock when the case of Editors Mullen and Cates, of the Opinion, charged with criminally libelling Mr. C. B. Buchanan, will be tried. The case was continued from last week.

It would not be surprising if examination in the lower court is waived as soon as the case is called, and the case certified to the Hustings Court. The judges state that they are perfectly willing to trust their fate to a jury of their peers.

ALL GENTLEMEN IN SOUTH

Bo Mrs. Parker Found Them and Chief Judge Says Those Are His Sentiments. Chief Judge Alton B. Parker, of the Court of Appeals, arrived here from Savannah several hours before daylight yesterday morning aboard the Savannah line steamship City of Memphis and slept on the ship, which was unable to dock because of the tide not being up. It was time to get up and take the steamboat Mary Powell on the Hudson to his place at Esopus. Mrs. Parker was with him. The judge said:

My Southern trip had no political significance. I did not talk politics and nobody talked on the subject to me. had a delightful time at the three-days' session of the Georgia Bar Association. Mrs. Parker expressed my opinion when she said to me in Savannah: "I have traveled with you in many places and have met many gentlemen; but in the South all men seem to be gentlemen."—New York Sun.

TO WORK MIRACLE

Mitre of St. Gennaro Will Be Brought to Rome.

(By Associated Press.)

ROME, July 11.—In view of the serious condition of the Pontiff, the Neapolitans have had recourse to their most sacred and seldom used method of rendering him assistance. St. Gennaro is their greatest saint, and his mitre is preserved at Naples. It is said to work miracles. The aristocracy and clergy of Naples begged the archbishop to send the mitre to Rome, and he allowed it to leave the city for the first time in many years. The precious relic was entrusted to Monsignor Prince Caracciolo, who arrived with it safely in Rome to-day. At the Vatican the mitre was received by Cardinal Rampolla and Monsignor Bisleti, who, with great ceremony, thanked the Neapolitans for their piety and self-sacrifice in allowing the mitre to come here.

After the cardinal had invited Monsignor Caracciolo to remain for some days in this city the sacred relic was deposited in the sick room.

VIRGINIA-CAROLINA BUYS ANOTHER PLANT

(Special to The Times-Dispatch.)

LYNCHBURG, VA., July 11.—The Virginia-Carolina Chemical Company has purchased the property and plant of the Virginia State Fertilizer Company, on the James River, in Amherst county, two miles below the city. The deed was recorded in Amherst Courthouse a few days ago, but the price was not specified. In the property are 22 acres with buildings and machinery, completed in the spring of 1901, with a capacity of over 25,000 tons a year, and giving employment to from fifty to one hundred and fifty hands according to the season.

It is understood that Mr. Walter H. Robertson, who had charge of the plant will remain as manager.

It will be remembered that last fall the Virginia-Carolina Chemical Company purchased 120 acres for a site for fertilizers at Dumfries and contemplated works at Dumfries and contemplated works at Dumfries until the present deal was under way, when obviously the plan was abandoned.

SOUTHERN AND L. & N. FIGHT FOR RIGHT OF WAY

(By Associated Press.)

KNOXVILLE, TENN., July 11.—A closely contested legal battle was fought in the Circuit Court to-day by the Southern and Louisville and Nashville Railways. The roads are contesting for the same right of way in South Knoxville, and each road has secured several injunctions. All testimony in the shape of depositions has been given. John Bell Keeble, of Nashville, Tenn., made the opening argument for the Louisville and Nashville, speaking for two hours. The case will be continued Monday. All the prominent officials of the Southern, including President Samuel Spencer, left this afternoon.

BETTING WENT ON IN SPITE OF CONSTABLES

(By Associated Press.)

CHICAGO, July 11.—Despite threats of a raid by constables to-day the racing and betting at Washington Park went on undisturbed. At the end of the fourth race twenty constables with warrants for bookmakers and officials entered the grounds. The bookmakers for whom the warrants were issued were brought to the constables for service, and bonds were immediately given to Justice Bradwell.

THE PROTESTS ARE HAVING AN EFFECT

Hundreds Being Tried in Russia in Connection With Massacre of Jews.

(By Associated Press.)

WASHINGTON, July 11.—Information of an entirely reliable character concerning the Kischinef massacre has reached here.

From advices received to-day it appears that the protests which arose in the United States and many other civilized countries against the murderous attacks upon the Jews in Kischinef last spring had not been without practical effect. This information states that the Russian government has been moved to vigorous action in the matter of investigating and punishing those who were responsible for the Kischinef massacre.

Eight hundred arrests have been made and as a result of the preliminary examination 350 persons have been remanded for trial in the lower courts. Four hundred and fifty cases have been sent to the Court of Appeals of which fifty-three are indictments for manslaughter.

SNAKE ON PORT BOW

Don't You Mean an Iceberg? Says the Mary Powell's Skipper to the Mate.

The Hudson steamboat Mary Powell from Kingston-on-the-Hudson, was making port at the foot of Desbrosses Street yesterday morning when the first mate, William B. Malnes, approached Captain Anderson in the pilot house and, after saluting:

"Sir, I have to report that there is a large snake on our port bow."

The captain gave the wheel a half-turn and there was silence for nearly a minute. Then the mate repeated his report.

Again a half-turn on the wheel and a deep silence. The mate then said it loud-er.

"You mean an iceberg, don't you, Mr. Malnes," said the captain politely. "It is hot, isn't it?"

The mate assured the captain that the hot weather had nothing to do with it. A moment later the Mary Powell ran her nose into the bobbing corpse of a twelve-pint python and shoved it in toward the pier.

Quite a crowd gathered to see the snake's body during the afternoon.—New York Sun.

ASSAULTED SHERIFF AND MADE ESCAPE

(By Associated Press.)

JUNCTION CITY, KAN., July 11.—Gilbert Rogers, a desperado, who had killed the mutiny at the Fort Leavenworth prison in November 1901, and who has been in the county jail here for the past year, awaiting trial on the charge of having murdered one of the guards in the mutiny, led an assault on Sheriff J. H. Rogers, and he with three others, a white man and two negro prisoners, escaped. The sheriff was overpowered and badly injured about the head. He succeeded in getting the cell door closed before all five prisoners could get out.

The quartette ran through the eastern part of town toward the river, and, compelling a fisherman to row them to the other side, made for the thick timber.

STRIKE BREAKERS ARE DISCHARGED

Medinger and Puryear Fired Into the Crowd in Self-Defense, Boy's Nonchalance

Cases of much interest in the Police Court yesterday morning were those of B. W. Medinger, motorman and G. N. Puryear, conductor, both strike-breakers, charged with firing into a crowd at Main and Vine Street on the night of June 24th.

Both were discharged after hearing all the testimony against them. The jury had not seen the evidence. A number of people in the crowd who were wounded were put upon the stand. They all thought they were in the line of fire when the shooting occurred, but they were unable to say who shot them. About the only thing they seemed to know was that the cars were fired on and stoned unmercifully. One of the witnesses, while testifying, remarked with an unconcerned air and nonchalance that he had received seventy-two bird shot in his back. There was nothing to show that the men accused were shooting in self-defense, and it is believed this will be the plea when cases of this sort are taken by the company upon adverse decision to a higher court.

AMERICANS GIVEN BANQUET AT PORTSMOUTH

(By Associated Press.)

PORTSMOUTH, ENG., July 11.—Rear Admiral Cotton, commanding the American squadron, now visiting British waters, and his officers, were given a banquet this evening in the Town Hall by the United States navy. Admiral Cotton said that he and his colleagues brought a message of peace and love from the President and people of the United States to the sovereign and the people of England.

Vice-Admiral Lord Charles Beresford, who was among those who spoke, said that such a demonstration as the visit of the American squadron and its reception brought together the two nations most instrumental in maintaining the peace of the world.

MANY DEATHS FROM HEAT IN NEW YORK

(By Associated Press.)

NEW YORK, July 11.—Welcome relief from the torrid heat of the past few days came to-day, beginning with a north-easterly breeze, which sprang up early in the morning, and followed by a steady thunder-shower in the afternoon and a drop of many degrees in the temperature in the evening.

The number of deaths attributed to the heat recorded during the day was 17. Of these the majority were children who were unable to rally from the effects of the terrible temperature of yesterday. Prostration to the number of 13 occurred all during the early hours of the day.

THINK THEY HAVE SHREWD COUNTERFEITERS

(By Associated Press.)

CHATTANOOGA, TENN., July 11.—Government secret service agents have made what they regard as an important capture of alleged counterfeiters at Gadsden, Ala. The parties arrested are Dr. James Young and George Windsor. For the past year there have been thousands of dollars of counterfeit money placed in circulation in that section, and it has found its way to other populous centers.

GOOD SHOT STOPS TWO ESCAPED CONVICTS
